In all races (except the mixed relay) four finishers shall score.

Each race shall be scored separately. The team results shall be decided by the aggregate of places recorded by the scoring athletes of each team. The team with the lowest aggregate of points will be judged the winner. If a team fails to finish with a complete scoring team, the runners finishing shall be counted as individuals in the race result and be eligible for the individual awards.

In assessing the aggregate, no adjustment to the scoring of the finishing teams shall be made in respect of any non-scoring team runners or of individual entries.

In the event of a tie, it shall be resolved in favour of the team whose last scoring member finishes nearer to first place.

Scoring for the Mixed Relay shall be by finishing order of the team.

9.12 Medal Ceremonies

Gold, Silver and Bronze medals shall be presented to the first, second and third placed athletes in each individual event and placed teams respectively, who shall mount the awards podium.

Participants who did not finish the race or were disqualified shall not mount the awards podium and shall not receive a medal.

The athletes must wear their delegation's official uniform at Medal Ceremonies. During the playing of the anthem and the raising of the flags, they shall face the flags and conduct themselves in a dignified manner at all times.

All Medal Ceremonies will be conducted together on the Main Stage next to the Start/Finish Area at the conclusion of the last race of the day.

9.13 Protests and Appeals

Protests and Appeals will be handled according to Rule 8 of the Technical Rules. Protests and appeals have to be submitted via the Virtual TIC and be handled by the TIC at the course.

9.13.1 Protests

Protests concerning the result or conduct of an event shall be made within 30 minutes of the official announcement of the result of that event. The Organising Committee of the competition shall be responsible for ensuring that the time of the announcement of all results is recorded.

Any protest shall be made verbally to the referee, by an athlete, by someone acting on his behalf or by an official representative of a team. Such person or team may protest only if they are competing in the same round of the event to which the protest (or subsequent appeal) relates. To arrive at a fair decision, the referee should consider any available evidence which he thinks necessary, including a film or picture produced by an official video recorder, or any other available video evidence. The referee may decide on the protest or may refer the matter to the jury.

If the referee makes a decision, there shall be a right of appeal to the jury. Where the referee is not accessible or available, the protest should be made to him through the Technical Information Centre.

9.13.2 Appeals

An appeal to the Jury of Appeal must be made within 30 minutes:

- a) of the official announcement of the amended result of an event arising from the decision made by the referee; or
- b) of the advice being given to those making the protest, where there is no amendment of any result.

It shall be in writing, signed by a responsible official on behalf of the athlete or team. In case of appeals lost, the USD \$100 fee will be deducted by World Athletics from the Member Federation's account.

Note: The relevant referee shall, after his decision on a protest, immediately inform the TIC of the time of the decision. If the referee was unable to communicate this verbally to the relevant team(s) /athlete(s), the official time of the announcement will be that of the posting of the amended results or of the decision at the TIC.
